THE MAINE CENTRAL

Full Year's Showing Will
Make Favorable Compari-
son With 1926.

In the eight months ended Aug. 31
the Maine Central Railroad earned a
surplus after charges of \$591,537
against \$655,570 in the corresponding
period last year, a decrease of only
\$64,033, according to the Boston
News Bureau. Indications are that
the report for September will show a
surplus larger than that of Septem-
ber, 1925, when \$102,967 after charges
was earned.

Prospects are that for the full 1926
year results will compare favorably
with those of 1925 in which the year
road earned a surplus after charges
of \$1,177,990 against a surplus of
\$289,922 in 1925, the News Bureau
continued. Last year was the best
since 1917. The surplus after charges
was equal to \$8.56 per share on the
\$12,066,990 common stock actually
outstanding in the hands of the pub-
lic, after allowing for only the regu-
lar five percent dividend on the \$3,-
000,000 preferred stock. In 1925, it
will be recalled, Maine Central paid
off a substantial amount of back
dividends on the preferred stock and
cleaned up the balance of the ar-
rearage, amounting to \$15 per share,
early in 1926.

Directors of Maine Central meet
Oct. 29 at which time they will de-
clare the regular quarterly dividend
of \$1.25 per share on the preferred,
payable Dec. 1. There is also a
strong possibility that they may give
consideration to paying another com-
mon dividend this year. In May last
directors declared a dividend of \$1
on the common, which was payable
June 15. This was designated a spe-
cial dividend, and was the first de-
clared on the common since 1920 prior
to which the common stock had for
a long time been a 6 percent basis.
If another dividend is declared pay-
able this year it will probably not be
less than the June dividend and may
possibly be more.

Maine Central's passenger business
recently has been showing some gain
over last year, which is regarded as
an encouraging development. Pas-
senger business has held up even bet-
ter than was anticipated.

Coal is showing the Maine Central
a somewhat lower cost per ton in this
year than last. It has a contract with
the Consolidation Coal Co. for the
bulk of its fuel requirements and also
has a contract with the New England
Coal & Coke Co. for some tonnage.
All Maine Central's coal is brought
into Portland by water.

Maine Central has been keeping up
a high standard of maintenance both
as to roadway and equipment. It has
only about 9 percent of its loco-
motives awaiting repair, which is a
low ratio, and only seven percent of
its freight cars are listed as bad or
der cars, likewise a low figure.

The past season with Maine Cen-
tral's two hotels, the Summit at
Rockland Breakwater, and the Mc-
Kineo, was not quite up to the 1925
season, a condition which was gen-
erally true of the summer hotels in
Maine.

THE STUDENT NURSES

Knox Hospital Class Heard
Fine Lecture On Tuesday
Night.

"More than 50,000 student nurses
are now enrolled in the 1,700 schools
of nursing in the United States,"
said Miss Edith J. L. Clapp, R. N.,
field secretary of the American
Nurses Association, in an address
before the student nurses and staff
of the Knox County General Hospi-
tal at a meeting held Tuesday even-
ing at the Business and Professional
Women's Club Room. The nursing
profession which had less than 500
members in 1891 now totals approxi-
mately 200,000 and about 13,000
nurses graduate annually. Miss
Clapp traced the development of the
national organization, stating that
the American Nurses Association
now numbers 54,000 in the United
States, Hawaii and Porto Rico.

The importance of graduate nurses
registering in the States in which
they practice in order to protect the
public from those incompetent to
care for the sick, was emphasized.
The speaker said that the registered
nurse who joins the national as-
sociation of her School of Nursing be-
comes a member of the district, the
State and the national organization.

Miss Clapp described the spirit of
nursing as the most treasured pos-
session of her profession, pointing
out that it is not only a sure tech-
nique which has made nursing a
profession, but it is because tradi-
tions have been created and followed
and ideals strengthened in comradeship,
that nurses have been able to con-
tribute so largely to health work.

Miss Clapp is now making a tour
of the student nurses of each accredited
School of Nursing in the State.

The headquarters of the American
Nurses Association are in New York
City. Outstanding accomplish-
ments of the organization in the past
25 years are the passage of laws on
registration for nurses in forty-
eight States, the maintenance of a
Nurses Relief Fund for the benefit of
disabled nurses in financial need,
which now totals \$124,000, and the
establishment of sound educational
standards.

The speaking was followed by an
open forum which reflected the keen
interest manifested in Miss Clapp's
address. The evening concluded
with a social hour and informal jolli-
fication with delicious refreshments
served to round out a thoroughly en-
joyable and worth while evening.

KLAN TO MARCH

Three Bands Will Figure In
the Parade of Saturday
Afternoon.

Knox Klan, No. 11, is to have a big
celebration Saturday in honor of its
first anniversary. The program will
include a parade at 4 p. m., supper
at the conclusion of it, an address by
the Grand Dragon, Dr. Forrest H.
Perkins, and the conferring of the K
duo degree on a large class of can-
didates. The last named feature of
the program will be private.

The parade will start from the
Klan Home and will go over the fol-
lowing line of march: Up Cedar
street to North Main, down Rankin
to Union, over Union to Pleasant
down Pleasant to Main, up Main to
Maverick Square, up Maverick
street to Brewster, and disband at
the Home.

In addition to the marching Klans-
men there will be three or four floats
and three bands—Thomaston Band,
Waldoboro Band and Scotch Kiltie
Band of South Portland.

Rockland Lodge of Perfection, A.
A. S. R., convenes in regular session
at 4.30 p. m., tomorrow. The de-
grees from the 4th to the 13th, in-
clusive, will be communicated, and at
7.30 p. m. the 14th degree will be
conferred in full form. This is the
first working meeting of the season.
Golden Rod Chapter will serve a
banquet at 6.30.

THE KNOX HOSPITAL CAMPAIGN

The Compiled Figures Demonstrate Its Complete Success
—Work of Building Has Already Begun.

To the Public:

The general details of the progress and conclusion of the
recent campaign for a fund to complete the building and equip-
ment of the Knox County General Hospital have been already
supplied by the newspapers of the county. It remains now to
present the final figures of the campaign as they have been
compiled and audited.

Subscriptions paid in cash	\$ 51,666 33
Subscriptions Pledges	29,051 48
Total of the campaign	\$ 80,657 81
Expenses of the campaign	4,766 16
Net of the campaign	\$ 75,897 65
Local Contributors gave	34,505 81
Summer Residents gave	46,152 00
Number of Local Contributors	3,334
Number of Summer Resident Contributors	95

In the division of contributions the committee has desig-
nated as "summer residents" those who spend here a longer or
shorter vacation period. Where such contributors have a vot-
ing residence their subscriptions have been allocated to the town
in which they vote. In the preparation of the following table
care has been taken to insure such accuracy as is reasonably
possible in bringing together the details of so relatively an exten-
sive campaign.

Town	No. Subs.	Amount
Summer Residents	95	\$46,152 00

Waldoboro	221	553 75
Finnish Colony	24	24 25
Scattering	12	359 08
Totals	3429	\$80,657 81

In a review of the campaign the executive committee finds
opportunity to commend in the warmest terms the spirit of
enthusiastic co-operation exhibited by that splendid company of
men and women designated as "summer residents," without
whose generous help the attained success of the campaign would
have been impossible. The inspiration of their immediate and
hearty response communicated itself to the various towns, in
which committees worked for the general success with a zeal
and devotion that never has been equalled. It would be an act
of pleasure to single out for special mention some of the in-
dividual workers here and there, but the list would be too formi-
dable to present in the present report. The fact that the number
of local contributors reached a total of 3334 supplies a measure
of the loyalty which the home people bear toward this Hospital.
The \$75,000 goal set for the campaign was exceeded by \$5600,
to which remain to be added a number of other promised con-
tributions. The expenses of the campaign were a trifle under
6 per cent of the gross cash and pledges, which is far below the
usual expense of a general public campaign of this character.

Immediately following the demonstrated success of the
campaign the directors of the Hospital appointed a building com-
mittee, who have moved with such promptness that this morning
(Oct. 14) work was begun excavating for the foundations to
the southern wing, with view to its completion before the sum-
mer of 1927 arrives. The work is under the direction of the
noted Boston architects, Hutchins & French.

FOR PRIMARY REPEAL

Petitions are in all over the State
for repeal of the district primaries
law for the nomination of State, dis-
trict and county officials, and res-
toration of nominations in caucuses
and conventions. They will be pre-
sented at the bi-ennial session of the
legislature which opens in January.
A similar attempt at the last session
was thwarted when many names of
petitioners were discarded owing to
the irregularities.

It seems fairly easy to beat the
Prohibition law everywhere except at
the polls.—Norfolk Virginian-Pilot.

TALK OF THE TOWN

Megunticook Lake is very low—the
lowest it has ever been seen by many
who have long been familiar with
that wonderfully beautiful locality.

N. B. Cobb, Ernest C. Davis, Mr.
and Mrs. Charles H. Berry, E. R.
Vezzie, Albert S. Peterson and Car-
roll Cole attended the auto races in
Salem, N. H.

Elodie Davis brought a handsome
bouquet of violets to the Courier-
Gazette office yesterday. The pos-
ies were picked at Pleasant Gardens
by her mother, Mrs. Ellen Davis.

George W. Leadbetter, messenger
to the Governor and Council, and for-
mer resident of Rockland, underwent
an operation on one of his legs at
the Central Maine Hospital in Lew-
iston yesterday.

The directors of the Rockland
Baseball Association are asked to
make a special effort to attend to-
night's meeting at the Chamber of
Commerce rooms, as it is the pur-
pose to wind up the year's affairs.

Kenneth Daggett and Burnell Simp-
son tell of being treed by a bull moose
in the Bog district a day or two ago,
and of being marooned among the
upper limbs until His Majesty had
paved wrathfully but vainly at the
trunk for what seemed hours to them.

Henry Walls is having a week's
vacation from the staff of the John
Bird Co. He spent yesterday at
the temporary capital of the State—
Topsham. Miss Belle Cullen is also
having a vacation from the John
Bird Co's office.

A 13-ton tank having a capacity of
25,000 gallons of gasoline was to-
toted through Main street yesterday en-
route to Sea View garage. Harold
Blackington was at the wheel, and
Fred M. Blackington and Ernest
Wood acted as chaperones.

"Judge Miller isn't the only man
who can raise potatoes," said ex-
Senator Arthur B. Packard yester-
day, and it developed that the Rock-
port politician raised better than 450
bushels of spuds in his three-acre
garden. Some of the samples shown
yesterday at Willis L. Ayer's store at-
tracted more attention than the vege-
table exhibit at Union Fair. No
scab, little rot and few bugs sum-
marizes Mr. Packard's experience.

Capt. William H. Bennett, the
veteran Penobscot River pilot, died
suddenly last Sunday of cerebral
hemorrhage at his summer home,
Fort Point. Capt. Bennett had just
passed his 72d birthday. He was one
of the large Bennett family of Ve-
rona Island, the most of whom were
hardy and able river men, and lived
there all his life. He had been ac-
tive in the river service for 37 years
long with the Ross & Howell fleet,
commanding the tugs, Howell, Ralph
Ross and Bismarck, perhaps longer
in the Ralph Ross than any other
boat. Of late years he had been
river pilot, taking steamers up the
river and had been on the bridge of
the U. S. destroyers and other large
craft which have come to the Pe-
nobscot. He was one of the last sur-
vivors of the palmy days of the Pe-
nobscot shipping, when the tow boat
fleet was kept busy and more with
the commerce in and outboard.

For a long time it has been the
hope of those interested in the Knox
County General Hospital that the
valuable lot of land bounded by Ma-
ple, White and Beech streets and
opposite the hospital entrance might
be added to the hospital holdings and
a nurse's home built thereon. For
financial and other reasons the
dream seemed impossible of realiza-
tion, but through the public spirit
and generosity of the owner of the
property, H. N. McDougall, who only
last year acquired it, as protection to
his other property, in the vicinity,
it has been made possible this week
for the hospital to become its happy
owner. The directors accepted an
offer from Mr. McDougall at a price
so low that it would have been a
serious mistake not to accept it. In
the purchase the hospital does not
use a dollar of any funds now on
hand or subscribed, nor encumber
any of its other properties, a small
mortgage on the property itself, easi-
ly placed, providing the purchase
money, and renders available an
ideal location for an adequate home
for nurses which must be necessary
in the immediate future. This ab-
solutely rounds out the hospital loca-
tion.

If I had to live my life again I would

The loss of these tastes is a loss of happi-
ness.—Charles Darwin.

THE FACTORIES

I have shut my little sister in from life and
light
(For a rose, for a ribbon, for a wreath
across my hair),
I have made her restless feet still until the
night.
Locked from sweets of summer and from
wild spring air,
I who ranged the meadows, free from sun
to sun,
Free to sing and pull the buds and watch
the far wings fly,
I have bound my sister till her playing-time
was done—
Oh, my little sister, was it I? Was it I?
I have robbed my sister of her day of maiden-
hood
(For a robe, for a feather, for a trinket's
restless spark)
Shut from Love till dusk shall fall, how shall
she know good,
How shall she go scathless through the sin-
lit dark?
I who could be innocent, I who could be gay,
I who could have love and mirth before the
light went by,
I have put my sister in her mating-time
away—
Sister, my young sister, was it I? Was it I?
I have robbed my sister of the lips against her
breast,
(For a coin, for the weaving of my child-
ren's lace and lawn),
Feet that pace beside the loom, hands that
cannot rest—
How can she know motherhood, whose
strength is gone?
I who took no heed of her, starved and labor-
worn,
I, against whose placid heart my sleepy
good-heads lie,
Round my path they cry to me, little souls
unborn—
God of Life! Creator! It was I! It was I!

THREE-TIMES-A-WEEK

CIRCULATION AFFIDAVIT
Rockland, Maine, Oct. 14, 1926.
Personally appeared Frank S. Lydell, who on oath declares that he is pressman in the office of The Courier-Gazette, and that of the issue of this paper of Oct. 12, 1926 there was printed a total of 6400 copies.
Before me, FRANK B. MILLER,
Notary Public.

If thine enemy be hungry, give him bread to eat; and if he be thirsty, give him water to drink.—Proverbs 25:21.

THE PRISON MATTER

Combating the theory that false economy was being exercised in the handling of State Prison affairs comes a statement from the executive office in Augusta that more attendants have been provided for that institution in the past five years than it has ever had before and that the expense of maintaining that staff has increased proportionally. The statement goes on to show that in 1921 the prison had 38 attendants and the present year there are 49, an increase of 29 percent. During the same period the payroll increased from \$41,959 to \$51,983. The necessity for this increase, in both the number of attendants and the expense, is apparent from the fact that there were only 184 inmates at the prison on July 1st, 1921, and 227 on the corresponding date of the present year. The statistician would deduct from these figures the fact that there has been an increase of 29 percent in the number of employees and an increase of 23 percent in the number of convicts.

From Augusta also comes the information that application was made in the spring for extra guards, and that when the convicts were detailed for the road work in West Rockport two extra men were granted. With an increase of 30 percent in the number of attendants, and with a modern prison, better adapted to handle, it was felt at the State Department that all reasonable concessions had been made. In Augusta, if the Courier-Gazette's information is correct, there is no disguising the feeling that the system of handling the State's criminal charges has loopholes, and that the recent assault on the one unarmed guard in the guard room of the Maine State Prison is the outcome of a condition that should never have existed. The Prison Commission rises to the defense of the Prison Welfare League, and offers the printed rules as justification for the statement that the League is founded on no such omissions as could have led to the near tragedy.

It would be harsh and doubtless unjust to say that anybody is "passing the buck." But the whole situation narrows down to one essential and that is that an unarmed guard was nearly murdered, that four convicts escaped, wearing the new prison garb, which does not differ materially from that worn by workmen who are free citizens, and were for two days a source of terror in the community. Are men at fault or is the system defective? And what will the incoming session of the Maine Legislature do and say? We are satisfied to leave the matter in the hands of the legislators.

We are glad that Camden is to have a village green. It has always seemed to us that a village green lent the final note of charm and distinction to a New England community. Our beautiful neighbor is to be congratulated on this added touch of adornment made possible through the munificence of public-spirited friends.

RECIPROCITY CAMPAIGN

Gov. Brewster Will Stump West Virginia For the Republicans.

Gov. Brewster will make a trip to West Virginia the last three days of this month, to engage in a "reciprocity campaign" on behalf of the various Republican candidates who are seeking election this fall.

The Governor is making this trip at the request of John Q. Tilson of Connecticut, National Representative, who is aiding in securing speakers for Republican campaigns throughout the country. Mr. Tilson sent several into Maine to aid the Republican party this summer, and Gov. Brewster is returning the favor by co-operating in West Virginia.

The Maine executive will give three addresses in as many days, returning in time to vote at the special primary in Maine on Nov. 1. This is his second visit to that State, for he gave addresses here two years ago and the Republican organization requested him again this year.

On Monday, Oct. 18, Gov. Brewster will be one of the guests of honor at a banquet to be held at 1 o'clock in the Copley-Plaza by the Women's Republican Club of Massachusetts, on behalf of the candidacy of William M. Butler, U. S. Senator.

Governor Smith takes the firm position that he will absolutely refuse a renomination unless he is renominated.—New York Evening Post.

STURDY CHILDREN'S SHOES

TO MEET AUTUMN DEMANDS

Fall, with its ever-changing weather is hard on shoe leather, and particularly hard on children's shoes, as every mother knows. Our new all-weather shoes for boys and girls are made to stand the worst kind of weather, and the hardest of use. We've been featuring these shoes for several years now, and we know they're good! Mothers come back for more, and tell us so.

Seven Reasons Why Glenwood Furnaces Are Best

A Warm Air Recirculating Heating System is best for the average home

1. The original investment is small.
2. It is more easily understood and operated and much more flexible than other heating systems.
3. It begins to deliver heat immediately after the fire is started.
4. On account of its quick action, it is a wonderful convenience in early Fall and late Spring.

An accumulation of waste paper or kindling often supplies all the heat needed for chilly mornings.

5. It supplies moisture in proper proportion to the air in every room.
6. It provides one large radiating surface out of sight in the basement where it absorbs heat directly from the fuel. All space robbing radiating surfaces upstairs are eliminated. It adds no weight to the building.
7. Modern methods of installation make the warm air system unparalleled for cleanliness.

E. C. Patterson removes next week from the A. M. Fuller store at the South end to the McGrath-Perry store on Tillson avenue.

Matters concerning the Armistice Ball and several other exceptionally important articles will be considered at the meeting of Winslow-Holbrook Post tonight. A word to the wise is sufficient.

Rumors of an important real estate deal in the heart of the business section have been current for several days, but The Courier-Gazette has the authority of one of the owners that no deal has been completed.

Losses occasioned by last Saturday's fire, which started in Trainer's Restaurant, have been practically all adjusted. In addition to the damage sustained by actual fire in the Joseph block, occupied by Mr. Trainer and the smoke and water damage in the Simpson & Staples block, there was smoke damage for the tenants in the Ulmer and Burpee blocks. But the total losses will scarcely aggregate \$5000, an insurance man tells The Courier-Gazette.

A country-wide search for two missing children, State wards, resulted in their being located Wednesday afternoon at Brooksville, having crossed Penobscot Bay on the steamer from Belfast. Elmer, aged nine, and his sister Elvora, aged five, are children of Mr. and Mrs. Ben Boynton and with two younger, are wards of the State and boarders in the home of Mrs. Florence Gray of Condon street, Belfast. Their father is located in Rockland and their mother was committed to the State Hospital in Bangor a few weeks ago.

TRAINER REOPENS

Not much grass grows under the feet of Mont P. Trainer. On Saturday night his Main street restaurant was gutted by fire. Yesterday Trainer's Lunch was running full blast at the Narragansett dining rooms, corner Park and Union streets, with the same old Trainer crowd on duty dispensing the same fine quality Trainer "eatments" just as though nothing had happened. Mr. Trainer will occupy the Narragansett rooms and his Main street quarters are rebuilt. The regulars are rallying loyally to Mont's support and the Narragansett is a busy place.

The Public Utilities hearing on the matter of Charles P. Prescott vs the Camden & Rockland Water Co. will take place in the City Government rooms, next Monday afternoon at 1 o'clock.

County Commissioner George W. Gushue of Appleton broke one of his arms near the shoulder a few days ago while alighting from an automobile which suddenly started as he was leaving.

T. E. Cooper, who has been national bank examiner for this district has resigned, to enter the employ of F. G. White & Co.'s New York bond house. He has the Maine territory, in which he is so widely and favorably known.

Bridge parties at the B. P. W. club rooms are to be resumed under the same schedule as last winter, every Friday evening. The hostesses for tomorrow night, are Mrs. Maud Halliwell, Mrs. Edith O'Brien and Mrs. Emma Carver. Everyone invited.

The regular session of the Court of Honor, Pine Tree Council, Boy Scouts of America, was held at City Hall last night and 15 boys were promoted from tenderfoot to second class; five second to first class scouts and 16 merit badges were awarded for swimming, cooking, life saving and electrical projects. Rev. John Dunstan said the invocation. The Court of Honor ceremonial is dignified and beautiful.

The Knox County General Hospital loses no time in beginning the improvements to that institution which have been made possible by the recent successful financial campaign. Yesterday surveyors were busily at work on the area at the rear of the present structure, and this morning scrapers were at work on the foundation of what will be the completed southern wing. The progress will be watched with much interest.

Camden has a big Indoor Bazaar scheduled for Sept. 21-23 under the auspices of the Camden C. A. C. boys.

Due to the fact that the fairs will all be over by that time, there should be a good field of entries for the races at Knox Trotting Park one week from Saturday. Frank Simmons will be on deck with his string, which will include Mary R., 2:07 1/2; The Sheik, 2:11, with Dr. Ellingwood; and Alice Forbes (with a new fast mark) driven by Perley Fairfield. George W. Bacheider will be there with John Opp and Flying Nimbus, and some of the turf fans are said to be willing to wager their week's earnings that the Mary Aberdeen mare will make John Opp "go some."

John H. McGrath, who probably had the unique distinction of being the only man in Maine to see every game in the recent World Series, has arrived home, and is regaling the less fortunate baseball fans with some graphic stories of the annual fall classic, which, it may be added, resulted wholly to his satisfaction. In St. Louis he was the recipient of many hospitable attentions from C. W. S. Cobb and E. S. Healey, former Rockland residents. A car was placed at his constant disposal, and in addition to attending all of the three big games in the Missouri metropolis Mr. McGrath saw all of the points of interest and attended all of the best theatres. He also attended the Sequi-Centennial in Philadelphia.

The reception given by the local branch of the W. C. T. U. recently, for the school teachers proved a highly interesting and pleasing event. It was held in the Methodist vestry, which was made most attractive by the artistic use of fall flowers. The guests were cordially welcomed by Miss Alena Young, who not only an active member of the W. C. T. U., but who is also a member of the school board. Mrs. R. C. Wentworth sang several selections with Miss Alcada Hall as accompanist, and also read a poem. Rev. John Dunstan, pastor of the Methodist Church, addressed the gathering briefly and read a poem. A very interesting feature of the program was the account given by Miss Annie Frye of the International Federation of University Women which met in Amsterdam, and which she attended as a delegate from the American Association. Refreshments were served by Miss Ada B. Young and Mrs. W. S. Rounds and the reception concluded with a very happy social hour.

The four-masted barkentine Cecil P. Stewart, which has been overhauled at the Cumberland Railway in South Portland following a long and strenuous voyage which had given the owners much concern, comes to Rockland Saturday on what is destined to be her last voyage under that rig. Arriving here she will be converted into a schooner. She was partially dismantled on her last voyage, and it is an easy matter to adopt the schooner rig while these repairs are in progress. At the same time her deck will be caulked. It has been rumored that when converted, the Stewart will operate in the salt trade to the Mediterranean. Due to the hurricane which swept the West Indies, the salt supplies have been reported ruined and vessels operating in this trade will be forced to ply elsewhere. Years ago the majority of the salt brought to Portland and Maine ports by the old square-riggers hailed from the islands in the Mediterranean, and it is expected that this trade may be resumed.

STRAND THEATRE
"Paris at Midnight" featuring Jetta Goudal and Lionel Barrymore will be shown at the Strand Theatre the last time today.

On Friday and Saturday Mgr. Donahis is offering Tom Mix's latest production "No Man's Gold," a two-gun, two fisted, hard riding buckaroo with rough and ready cowpuncher togs. No fancy clothes in this but a real story of Western adventure with action, suspense and thrills in logical sequence, and the title tells the story "No Man's Gold." If you are a Mix fan, and who is not, you will have a chance to see him in the best thing he has done in years. The added attraction is "A Desperate Moment" featuring Wanda Hawley and Theodore Von Eltz. This is described as a nerve-tugging adventure drama well spiced with mystery, comedy and love. The story takes place on land, at sea and on a desert island, and tells of a girl taken from a luxurious existence and set down at the ends of the earth where she is forced to battle the primitive forces of nature and a gang of cut-throats.—adv.

The "Hello Dixie" show, an all colored musical revue, will make their appearance at Strand Theatre Monday and Tuesday featuring Gus Smith, that black-face fun-maker; Gene Jones, leader of Superb Jazz Band and Orchestra; cake-walkers, Charlestonites and sweet singer with a chorus and creole beauties direct from the levees of the Mississippi. There will be a street parade at noon and a band concert each evening before the show. Reserved seats.—adv.

PARK THEATRE
The feature for the last time today is Norma Shearer and Conrad Nagel. "The Winning Sex" is a farcical comedy adapted from the Broadway stage success of the same name by Frederick and Fannie Hatton.

"The Gay Deceiver" featuring Lew Cody and Carmel Myers are the highlights with Virginia Hall and Eugene O'Brien, is the double feature program for Friday and Saturday.

There are two love stories in "The Gay Deceiver." One is the love of a man and wife who had drifted apart, whose separation had grown to 19 years before they discovered that their original belief that they were meant for each other was correct. The other is a story of romantic young love, with the daughter of "The Gay Deceiver," one of the characters. Young loves have triumphed over obstacles before on the screen, and there have been reconciliations between parents, but there is something fine and convincing and sincere about the portrayal given by the four focal characters in "The Gay Deceiver," that makes the beholder think he has never encountered this situation before. "Plumes" is a picture full of thrills, comedy, romance and surprises.—adv.

EMPIRE THEATRE
Ruth Mix in "That Girl Oklahoma" and Pat O'Malley in "My Old Dutch" are the two features for the last times today. In conjunction there is a two-act comedy and the News.

Hoot Gibson, the popular star of many Western productions, is the highest caliber, has turned out another outstanding picture in "The Texas Streak," the Universal-Jewel which will be shown here at the Empire Theatre on Friday and Saturday. The picture is composed largely of light comedy in which Gibson stars distinguished himself so many times in the past.—adv.

No Hurry

A hot breakfast now in 3 to 5 minutes

DON'T believe that just because your mornings are hurried you must deny the family hot, nourishing breakfasts. Quick Quaker is faster than plain toast.

That means the most delicious of hot breakfasts without muss or hurry.

It means the excellently "balanced ration" of protein, carbohydrates and vitamins—plus the "bulk" that makes laxatives less often needed—every day for you and yours.

Do as thousands are doing. Start every day with Quick Quaker.

Your grocer has Quick Quaker—also Quaker Oats as you have always known them.

Bad Cold? Take "Cascarets" for Bowels Tonight

No headache, constipation, bad cold or sour stomach by morning

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to "torpid liver"; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and four gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

Popular Portland Woman Recovers From Year's Illness

Nervousness, Upset Stomach and General Debility Quickly Relieved by Tanlac. Now Claims There Is No Healthier Woman in Portland.

Gains 62 Pounds

Those who are facing a life of pain will perhaps discover the surest way to get relief in the experience of Mrs. Margaret Wildes, 91 Myrtle Street, Portland, Me., who recovered from a distressing condition. She says: "In all Portland I don't believe you will now find a stronger woman."

"I had wasted away to a shadow and lost so much weight that I worried lest I become a physical wreck. I was 50 pounds underweight. I suffered for a year from this run-down condition. My cheeks were sallow. My eyes dull and lifeless. My appetite was poor and what little food I ate distressed me so I would become weak and faint."

"At times I felt so miserable I could not walk. After every meal gas bloated my stomach and indigestion pains caused hours of agony. At night I tossed and turned and would scarcely have enough ambition to dress myself in the morning."

"My condition became worse until I began taking Tanlac. This wonderful tonic gave me strength and health. I now eat everything without trouble. I sleep well, have regained my lost weight and 12 pounds more. Today I feel better than I have in years."

Mrs. Wildes is only one of thousands who have been benefited by this wonderful tonic made from roots, barks and herbs. Tanlac helps build up the body, wipe out poisons and suffering. Keep well—take Tanlac.

NEW VALUE — NEW BEAUTY

Studebaker Standard Six Custom Sedan \$1385

F.O.B. Factory

IN the Studebaker Standard Six Custom Sedan, One-Profits facilities achieve a new victory over custom car costs—a new standard of value in the moderately priced field.

Outside: a low-slung steel body, full-visions for extra safety, with the distinctive contour of a smart custom creation and a lustrous duotone-lacquered finish.

Inside: the custom richness of Chase mohair upholstery, exquisite broadcloth trim and Butler finish hardware in a pleasing harmony of tasteful color tones.

According to the power rating of the Society of Automotive Engineers, the Studebaker Standard Six Custom Sedan is the most powerful car of its size and weight in the world. Its quiet L-head motor—the type pioneered by Studebaker and now adopted by over 70% of motor car makers—has a big, fully-machined, dynamically balanced crankshaft to reduce vibration to a minimum.

This is a feature shared by Studebaker with only a few of America's costliest cars. It costs Studebaker \$600,000 extra every year to provide it. Only One-Profits manufacture makes it available in a car at this price.

Over \$100 worth of extra equipment is included in Studebaker Custom Cars without extra cost. A new feature, found in no other car, is the Studebaker no-draft ventilating windshield, which admits plenty of fresh air and excludes moisture, even in the heaviest rains.

This is the car that invites comparison with cars costing two to five hundred dollars more. See it today.

NEARS \$2,000 MARK

Contributions For Warren High School Come In Well From Wide Radius.

The Warren High School Building Fund reached \$1,984 mark Tuesday night, thanks to the generous support of town's people and the help of the girls and boys. Malcolm Corner school added \$11 to the fund and the Intermediate school \$6 as a starter for the morning, and good response continued during the day until the above mark was reached.

With an out of town check from a former Warren citizen came the following letter: "I am sending you my bit (check for \$10) for the W. H. S. fund, and hope that the time will soon come when Warren can have as good a building as any town in the State of its size."

With another check from a former Warren boy the following encouraging letter was received: "You will find enclosed my check for the W. H. S. fund. I was glad you called my attention to this matter as it had slipped my mind. I wish it could be for a larger amount but I have just returned from a three week's vacation so I cannot do more just now. I hope that every Warren boy or girl who has left there and come to Massachusetts will help and I think they will if you can reach them, for it is a good cause. I wish the town's people could see some of the school buildings that I have been in here. They would then realize how much a new building is needed. I hope that my check will be received in the same spirit that it is given. Let's hope this W. H. S. fund goes across with a bang."

Including the amount raised by the town and previously given the amount of the fund is \$4,529.

DAYLIGHT SAVING

Presents No Interference With Federal Rights, Says Supreme Court.

Daylight saving laws like those of Massachusetts present no interference with Federal rights and raise no questions over which Federal courts have jurisdiction, the Supreme Court ruled Wednesday in dismissing a case appealed by the Massachusetts case, the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and others.

The announcement made by Chief Justice Taft followed an oral argument by counsel for the appellants, who contended the Massachusetts law was unconstitutional, because it deprived persons of property without compensation and was otherwise objectionable. The appellants held the Bay State statute had caused a depreciation of \$20,000,000 in farm values in the state, had caused the changing of railroad schedules to the annoyance and confusion of everyone and had imposed new burdens upon the people by changing school hours.

Members of the court developed by questions that no penalties were carried by the law and expressed inability to see where any hardships were imposed.

Counsel for the appellants insisted the Federal Government, having by act of Congress established standard time, occupied the field to the exclusion of the state, but Chief Justice Taft stated the court would follow the lower court in dismissing the proceedings for want of jurisdiction.

It was brought out in argument that Federal standard time was controlling in all interstate matters over which the Federal Government had jurisdiction and in all Federal Government affairs, but beyond that the court did not see any Federal control over the fixing of time.

are guests of Mr. Ayer's brother,

Mr. and Mrs. Arthur A. Clough
were invited out to spend Tuesday
evening but the queer manœuvres
of Mrs. Clough, when he was ready
to go, caused him to become suspi-
cious that something was in the air,
so he was not greatly surprised when
a few friends dropped in to help him
celebrate his birthday. A lobster
supper was served, with all the fix-
ings while those famous doughnuts
of Mrs. Robert Magee were not for-
gotten. Victrola music was fur-
nished.

Frocks of the Hour

Decidedly New!—in fact they are the latest arrivals in this store
full of the newest things of the season. Just another bit of evidence
that this is the Store for you to keep abreast of Madam Fashion.

And the beauty of it is—that all women, whatever their size, style
or other inclinations, can maintain a perfection of smartness, because
of the unusually comprehensive collection, and modest prices.

Rushed from Fashion town—these Models Represent the Very Newest Women's Dresses

Flat Crepe—
Very Smart
\$10.98

For Sportwear
—Satin Crepe
\$19.75

Flat Crepe is the fabric leader for all
informal frocks. Black is the acme of
style among the colors. What could be
any smarter than, than this exquisitely
tailored frock? Collar, cuff and box
pleat are attractively trimmed with
white satin.

There's youth and beauty abundant,
and at such a modest price.

A vagabond free or a Gypsy Queen
might envious be, of their modern
sisters who are so trig in this frock.

It is beautiful with a Peter Pan col-
lar and vest of Tan Crepe. A wide band
—the Gypsy sash—is of Gold, Green,
Black and Orange.

Dress is in Black, Wine, Jungle Green
and Slate—all leaders.

Satin Crepe—
So Popular
\$15.00

Satin—Beauti-
fully Dignified
\$35.00

Prizing Style, glorifying chic, this
dress is a dream come true, in Tiffin,
Slate Blue or Black.

Its flounced front and shirred waist
define a new style trend, and the beaded
trimmings climb high to the peak of
frock perfection.

And when the marking is so reason-
able, it is shame to do without.

Women who are "just so," and ap-
preciate the feminine heritage of reserve
will love this frock.

Has perky, high neck and tan vest,
braided with threads of various colors.
Box pleats in center and at sides of
skirt. The popularity of Satin is too
well acknowledged to make telling neces-
sary.

All-Wool Jersey
\$15.00

Heavy Crepe
Without Peer
\$25.00

Perhaps the anticipating of a keen
Fall breeze inspired this frock. Whether
or not, it is ideal for you who like the
outdoors at this season.

Cut-in pockets and center pleat add
greatly to the general stylishness of the
model. The vogue for metal finds ex-
pression on tie and belt. In Green, Red
and Light Blue.

There is a chic quaintness in this
frock that carries an irresistible appeal.

Collar and vest finished with bias
bands of Georgette. Large bow at waist
with metal buckle. Three flounces at
each side. Beautiful in Tan, Rustic
Brown, Navy and Black.

Misses' Frocks

Striped Flannel
\$10.98

You, who are clever, rejoice in wearing frocks,
cleverly made and will take an immediate liking
to this new frock for cold months. Picture! at
the right.

Wool Repp
\$5.00

Charming straight line frocks for girls who
stay at home or go to college. In rust shade.
Beige trimmed.

Beautiful Jersey Dresses
\$8.00

Created expressly for youth. The lines
straight and trim; the colors, gay and daring;
the frock, youth itself, in tailored elegance.

Tweed Sport Dresses
\$10.75 to \$19.75

Severely made in the seasonal simplicity.
There is nothing quite as convenient nor neces-
sary for a smart miss to have as a sports dress
of tweed.

Fashion Rightness for Stout Women is Assured by these Late Models for Larger Women

—who are Stylish Always

Trico Sham is used in the two smart
dresses at the left and is developed ingeni-
ously into two distinctly clever styles.

They vary enough in appearance so
that you may have both to \$10.98
make your wardrobe complete.

Heavy Satin fashioned skillfully into an
exceedingly trim model that is \$25.50
illustrated first at the right.

Satin Crepe in one of the choicest of the
season's styles, is seen at the far \$19.75

THE CROP OUTLOOK

Potato Situation Looks Much Better—Little Change In Apples.

The potato crop outlook for New England was somewhat better Oct. 1, than in 1925, but was 4.2 per cent under the five year average the New England Crop Reporting service here has found.

Improvement was noted principally in Maine and Connecticut. The prospect for the former state was 35,540,000 bushels or nearly 5 per cent more than a month ago, 4 per cent more than a year ago and 2.2 per cent higher than the five-year average.

Better conditions caused some improvement in Connecticut, but the prospect declined slightly in Rhode Island.

Little change was seen in the apple situation. Maine had a smaller crop than last year and the fruit was of only moderate size and quality while southern New England had appreciably more apples than last year and of good size and quality.

"AULD LANG SYNE"

Remarkable Scotch Play Will Be Presented Tuesday In High School Auditorium.

The Scottish Musical Comedy Company is the only one of its kind in the world. It was organized by John Daniels, the famous Scotch tenor of Boston, to produce his own sketches based on the poems, songs and prose of Scotland. Because so many songs are introduced the members of the cast, all Scotch people, were selected for vocal as well as acting ability.

The company was an immediate success. It produced first "The Cotter's Saturday Night" followed with the "Bonnie Brier Bush" and now there is a third play "Auld Lang Syne." The recognition accorded their unusual performances has been unique. Recently in Washington they were received by President Coolidge. Their management has on file endorsements not only from prominent clergymen but from schools, colleges and social clubs as well. Their appeal to better emotions has been universal and so great is the demand for their presentations that Rockland may count itself fortunate to be included this year in their itinerary.

They will appear the evening of Oct. 19 at the High School auditorium in "Auld Lang Syne" under the auspices of the Parent-Teacher Association. The entire proceeds of this splendid production will be used for the boys and girls of the lower grades of the city schools.—adv.

TENANT'S HARBOR

Charles Hathorne and Mr. Alexander of Waltham, Mass., were weekend guests of Mrs. Lydia Hathorne. Mr. Hathorne has recently been installed Noble Grand of Waltham Lodge of Odd Fellows, of which there are 700 in membership.

Mrs. Dorcas Wagle, Mrs. Syrena Ulmer and Mrs. Annie Hawkins have returned from a visit with relatives and friends in Massachusetts.

Robert Wood has bought Mrs. Laura Couillard's house, formerly owned by the late Sherburne Sweetland and will move very shortly.

Mrs. Couillard has gone to Hill, N. H., where she will visit her daughter.

Several from here visited Orient Chapter, O. E. S., Union, Wednesday evening.

There will be work at Naomi Chapter, O. E. S., Friday evening, Oct. 15.

MAINE BOYS TENTH

Howe Hall's Team Make Good Showing In Cattle Judging Contest.

Maine sent a team from the agricultural department of the State College to the National Dairy show at Detroit and the team made a good showing. There were 27 colleges represented in the contest and Maine placed tenth which is a good showing.

George Dow of Wayne placed fifth in the individual contests among the 51 participants. The other members of the team were, R. C. Dolloff of Rumford and Carroll Decoster of Norway. The coach is Howe W. Hall of Orono, a former Rockland boy.

This team placed second in the cattle judging contest at the Eastern States Exposition. Considerable credit is due W. G. Hunton for his enterprise in raising a fund to send the University of Maine boys to Detroit. As there is still a deficit any who are interested in this project may send a check to Mr. Hunton.

A TIMELY APPEAL

City Matron Corbett Knows How You Can Assist In Worthy Cases.

Editor of The Courier-Gazette:—Would appreciate very much a little space in your paper for an urgent and needed appeal.

About this time of the year, when the nights are cold and days are chilly, I find in my round of visitation among the worthy poor, a number of homes, where there is a great lack of sufficient bedding and beds. Does anyone really look into the moral outcome of a family of eight to twelve sleeping in three beds. Then, too, how can the head of a family buy beds and bedding when \$18 to \$22 is the average of his pay envelope. How far does \$20 go to pay rent, buy fuel, groceries and clothe the family?

I am in need of beds, mattresses and bedding, a kitchen and parlor stove. And children's clothing. Unless some comes in right away, I'll have to send out an S.O.S. call. This latter need is very urgent and I know the people of Rockland will respond, because they have never failed yet to do so. Send any article to the City Building, or phone 663-W, 398-W or 1193-M. Thank you.

Helen Corbett, city matron.

WINCHENBAUGH-BURROWS

The premises of Rev. Herman R. Winchenbaugh on the West Meadow road were aglow with colored lights last night, and indoors there was a scene of happiness and merrymaking. The occasion of it all was the wedding of Mr. Winchenbaugh's son, Basil Victor, and Miss Doris Madeline Burrows of Waldoboro.

In the neighborhood of 150 guests saw the double ring ceremony performed by Rev. Mr. Winchenbaugh, the bridegroom's father, who was assisted in the happy task by Rev. S. E. Packard of South Thomaston. The rings were carried in the center of a pink gladioli by Charles Watts, Jr., of South Thomaston, whose companion was Eleanor Winchenbaugh, the flower girl, who was daintily dressed in baby blue silk, trimmed with white lace, and carried a basket filled with orange calendula.

The bridegroom was attended by his brother, Gabriel Winchenbaugh, and the bridesmaid was Miss Evangeline Winchenbaugh, a sister of the groom. The ushers were Miss Virginia Winchenbaugh and Miss Evelyn Simmons. The wedding party assembled to the strains of the Bridal Chorus from "Lohengrin," played by Mrs. Lizette G. Rollins of South Thomaston.

The bride's gown was light blue crepe de chine and she carried white carnations. Miss Evangeline Winchenbaugh, bridesmaid, wore silver lace over white satin, and carried an arm bouquet of assorted flowers.

The setting for the wedding was one of exquisite beauty and reflected much credit upon Mrs. Lizette Rollins, who personally superintended the decorations. One corner of the parlor had been converted into a bower of evergreen and flowers which carried out the decorative scheme of pink and white. Suspended from this bower was the wedding bell, a massive floral design fashioned from pink and white dahlias. The mantels were covered with fall flowers, and the piano was banked with asters.

The staircase, which the bridal party descended on its way to the altar was garlanded with autumn foliage.

One room was devoted to the large and handsome array of wedding gifts. This was decorated with cut flowers, and was presided over by Miss Theresa Burns.

A reception followed the wedding ceremony and the bridal couple were assisted by their mothers Mrs. Herman R. Winchenbaugh and Mrs. Stephen Burrows. Mrs. Winchenbaugh's gown was honeydew satin, while Mrs. Burrows wore wine crepe. Gabriel Winchenbaugh, brother of the groom played several violin selections which were indicative of talent.

Buffet lunch was served by Misses Dorothy Blackington and Audrey Blackington. Marion Blackington and Maude Burns. The center of the table was occupied by the very handsome bridal cake, which revealed the customary favors upon being dissected. Mrs. Roger Smith was so fortunate as to get both money and ring, and Miss Mary Connell received the thimble. The cake was so large that it was not all consumed, and it is suspected that the key reposes in the uneaten slice. Flanking the bridal cake were cut flowers, while elsewhere in the dining room were disposed attractively evergreen, autumn leaves and bouquets of asters and zinnias, the whole producing a red and green effect.

Among the guests from out of town at the wedding and reception were Mr. and Mrs. James Thomas and Mr. and Mrs. Russell Phinney of Bath.

All of the house exits were so carefully guarded by merrymakers that the couple had no opportunity to escape unobserved, so they "took their medicine" in the form of an abnormal quantity of confetti. They will make a honeymoon trip later.

Mr. Winchenbaugh is a mechanic in the employ of the Lime Rock Railroad. The bride graduated from Waldoboro High School in 1924, and is a member of Waldoboro Grange.

The young couple have hosts of friends wherever they are known.

MAGUNE-WILLEY

Clarence L. Magune and Mrs. Grace A. Willey, both of Thomaston were quietly married at 25 Lindsey street, Rockland, recently, by Frank H. Ingraham, notary public.

Mr. Magune is a native of Rockport and has lived in that town and in Rockland, as well as in Thomaston. He is now proprietor of the West End Market, in Thomaston, and has there built up a good business, to which he devotes his time and energies. He has been engaged in the canning business much of his life and is an expert in that line. He was so employed by Thordike & Hix at different periods. At one time he worked for several years for the Rockland, Thomaston & Camden Street Railway and was conductor of the freight car for quite a long time. He is a man of origi-

nal ideas and strong convictions and wields a ready pen, on occasion, as witness his communications to The Courier-Gazette, now and again. He has also had experience as a salesman.

Mrs. Willey is a woman of charm and character and takes an active interest in the business conducted by her husband. She was born in Bremen and resided at Bremen, Friendship and St. George before living in Thomaston.

Many friends in Knox County wish Mr. and Mrs. Magune much happiness and prosperity.

HAYES' SON IN POLITICS

Rutherford B. Hayes of Clearwater, Fla., son of the former President, has announced his candidacy for a seat in the lower house of the Florida Legislature.

Carmel Thompson finds that the capacity for self-government is lacking among the Filipinos, from which we infer that the rubber and mineral possibilities of the Philippines have not been exaggerated.—Houston Post-Dispatch.

MOVIE STARS WED

Doris Kenyon and Milton Sills, favorites of movie fans, were married at noon Tuesday on the shore of a little Adirondack Lake bordering the summer camp of the bride, near Ausable Forks, N. Y.

Mr. Sills has been a friend of the Kenyon family for many years and the engagement of the screen stars was reported more than two years ago when the actor's former wife, Mrs. Gladys Sills brought suit for de-

section. An error in the original decree, granting the action, led to the drafting of a new decree which became final in Los Angeles Tuesday.

4 1/2 cups Norman R. Flour
2 tbspn. lard
1 tspn. soda
1 tspn. baking powder
1 1/2 tspn. salt
2 cups buttermilk

Sift Norman R. Flour, baking powder, soda and salt together. Mix the lard in well and add the buttermilk. Knead until very smooth, roll to about a half inch thickness, cut into small round biscuits and bake fifteen minutes in a 450 degree oven. Serve piping hot.

Delicious! Be sure to use Norman R. Flour. This fine texture flour is milled from the wheat hearts only of soft winter grain.

That accounts for its regular time after-time satisfaction.

Whether you are baking bread, biscuits or pastry be sure the flour is Norman R.
